Fabrication:	Welding, Aluminum, Steel work, AutoDesk Inventor, Solidworks
Operating Systems:	*nix file systems, Windows 10
Leadership:	Years in leadership in the Boy Scouts and FRC 589
French:	Limited Working Proficiency

PROJECTS

Team Data Software *Java, Apache POI*

<https://github.com/jbrown3859/AutoScout>

<https://github.com/jbrown3859/Attendance-Software>

Developed software to track attendance of 100+ robotics team members, and to analyze tournament scores and organize data on other FRC teams

Electric Longboard *Power and Signal Management, C++, Arduino, BLE, Android Studio*

<https://github.com/jbrown3859/Electric-Longboard-Conversion>

Designed and refined a budget kit for retrofitting skateboards with electric drive and wireless control.

Android app for Bluetooth throttle control in development

FRC 589 *CAD, Java, Metal Work, Welding*

Worked alongside other team members to design and build a competition robot in 6 weeks.

AWARDS

Eagle Scout

2018

Arshak Award

FRC 589

June 2019

Le Grand Concours

Competed and placed in the 30th percentile in a nationwide French literacy competition

April 2018
